

XPERT PAINT PROTECTION FILM (PPF) WARRANTY

WARRANTY PERIOD

The warranty period extends for a duration of Five (5) years (the "Warranty Period") from the date of initial installation, we will cover the defects on premium paint protection film such as: Yellowing, Cracking, Blistering, and Delamination. This Limited Warranty only applies to the XPERT Products which are installed properly according to the recommended procedures available on our website.

COVERAGE UNDER WARRANTY AGREEMENT

- Painted surfaces must be OEM Original and fully cured, and an approved installer must have carried out the installation.
- This warranty is automatically VOID if PPF is installed over repainted surfaces.
- Vehicle surface repainting is NOT covered under this warranty irrespective of the reason for removal.
- This warranty EXPLICITLY excludes film installed on non-painted surfaces such as headlights, chrome, or carbon-fiber trim.
- If the film fails to comply under normal use with due care and maintenance within the warranty period, the Manufacturer will provide replacement film to the Installer at no additional charge to the Purchaser.
- Claims for any XPERT Products should be brought to the attention of the Manufacturer as soon as they become known to the Purchaser. Proof of purchase will be required by the approved Installer to substantiate any warranty claim.
- The Manufacturer's sole obligation to the Purchaser, whether the claim be based in contract, negligence, tort or otherwise, shall be solely as provided herein and damages and remedies shall be provided as herein.
- XPERT highly suggests that you follow all recommended care and maintenance instructions.
- Limited warranty coverage is invalid if the product has been subjected to abuse or improper care.
- The Manufacturer assumes no liabilities for damage to the film or the vehicle resulting from improper care.
- The Manufacturer reserves the right to inspect the vehicle and installation digitally to verify eligibility for warranty claims.
- This Warranty does not cover damage caused by accidents, collisions, vandalism, or acts of nature (hail, flying debris, tornadoes, etc....)
- Installation defects, such as improper alignment or air bubbles, must be reported to the Manufacturer within 30 days of installation to be eligible for warranty coverage.
- Any unauthorized repairs or alterations made to the film by a non-certified XPERT center will avoid this warranty.
- This warranty is non-transferable and applies only to the original purchaser of XPERT Products.
- XPERT Films reserves the rights to update or modify the terms of this warranty at any time without Prior notice.

CARE & MAINTENANCE

- Allow a minimum of 72 hours post-installation before cleaning your vehicle to ensure proper curing.
- During the initial 3 days following installation, refrain from driving over 50 MPH or 80 km/h to prevent potential film damage.
- Maintain regular vehicle washings to preserve the film's appearance and performance.
- Handwash your vehicle using a mild soap and water solution or a reputable car shampoo to avoid abrasive damage.
- When using a high-pressure washer, maintain a distance of at least 50cm from film edges to prevent lifting. opt for a wide spray setting to minimize pressure impact.
- Enhance protection and gloss by treating the PPF with a flexible ceramic coating. Alternatively, apply a non-abrasive wax twice a year for optimal maintenance.
- In adverse conditions or over time, dirt accumulation on the PPF surface may occur. For thorough cleaning, consider returning the vehicle to the installation center for a gentle polish to restore gloss and remove dirt buildup.
- Promptly remove bird droppings and other contaminants as they appear to prevent potential damage to the film.
- Address dirt or wax buildup along the edges by using alcohol and a lint-free cloth for effective removal without harming the film.
