

XPERT HIGH GLOSS is a high performance, self-adhesive, clear-coated aliphatic polyurethane film designed to protect automotive paint, and other surfaces, from harmful effects of stone chips and abrasion. It has exceptional elongation properties for ease of application which allows for single piece installations. **XPERT HIGH GLOSS** is a very low surface energy film designed to resist staining and offers superior environmental resistance and gloss retention. The clear coat employs special elastomeric polymers that allow scratches in the surface to “heal” over time, eliminating the need for frequent polishing to maintain a just installed appearance. **XPERT HIGH GLOSS** is coated with ultra-clear high performance acrylic adhesive which has excellent adhesion on a broad range of surfaces, while resisting disturbances during installation. This high performance acrylic adhesive is formulated to resist delamination, will not damage paint or leave behind residue upon removal post installation.

RECOMMENDED SHELF LIFE - 2 years from date of purchase*

RECOMMENDED STORAGE CONDITIONS - 72° F (22° C) @ 50% RH

*If installing film after recommended shelf-life, re-certification by XPERT is required.

TARGET APPLICATIONS

Clear gloss polyurethane for stone chip protection, high wear, and abrasion in the automotive, motorcycle, RV, powersports, bicycle, aircraft, and other transportation markets.

Partial Hood and Fender

Bumper

Rocker Panels

Trunk Ledge

Door Edge

A-Pillars/Roofline

XPERT
PAINT PROTECTION FILM
